

# AUTOMATIC PAYMENT PLAN

## Automatic Payment helps you because:

- It saves time—fewer checks to write.
- It helps meet your commitment in a convenient and timely manner—even if you're out of town.
- There are no lost or misplaced statements, your payment is always on time.
- It saves postage.

If you are setting up your payment with a [checking or savings account](#) you can pick which date you would like your payment to be made: the 5th or 20th of each month. [Credit Card](#) payments will be made on the 20th of each month.

## Here's how Automatic Payment works:

- You authorize regularly scheduled payments to be made from your checking, savings account or credit card.
- Proof of your payment will appear with your bank statement, as well as receiving a copy of your phone or internet bill for your review. Your DRN statement will reflect "pay by bank" in the amount due on your bill. Until you see this on your DRN statement, you are responsible to send in your monthly payment.

I authorize DRN and the bank named below to initiate entries to my checking/savings/credit card account. This authority will remain in effect until I notify you to cancel it in such a time as to afford the bank a reasonable opportunity to act on it.
